("Let your light shine before men, that they may see your good works and glorify your Father which is in heaven." – Matthew 5:16)

Greetings!
We are pleased to present the final report on the 2024 Odisha Flood Relief Project, which was successfully completed with your generous support.

The incessant rains triggered by a deep depression over the Bay of Bengal caused flash floods in the districts of Malkangiri and Koraput in Odisha. These floods affected over 57,500 people, displacing families, and causing the loss of homes, domestic animals, and essential materials. The devastation left thousands in urgent need of basic assistance and care.

Our team conducted a thorough survey in the affected areas, compiling a primary list of victims. We identified 1,300 households (~7800 beneficiaries) in critical need of assistance, ensuring that our relief measures reached the most vulnerable.
